JANUARY 22, 1999

The following statement is furnished in connection with the solicitation of proxies by the Board of Directors of Hawkins Chemical, Inc. (the "Company") to be voted at the annual meeting of shareholders of the Company to be held on Wednesday, February 24, 1999, or at any adjournment or adjournments of such meeting. Distribution of this proxy statement and proxy to the shareholders began on or about January 22, 1999.

SOLICITATION

The cost of soliciting proxies and of the notices of the meeting, including the preparation, assembly and mailing of proxies and this statement, will be

borne by the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone or telegraph by directors, officers and regular employees of the Company. Furthermore, arrangements may be made with brokers, banks and similar organizations to send proxies and proxy materials to beneficial owners for voting instructions. The Company will reimburse such organizations for their expenses.

REVOCATION AND VOTING OF PROXY

Any proxy given pursuant to this solicitation and received in time for the annual meeting will be voted in accordance with the instructions in such proxy, unless the proxy is properly revoked prior to the meeting. Any shareholder giving a proxy may revoke it prior to its use at the meeting by (1) delivering a written notice expressly revoking the proxy to the Secretary at the Company's offices, (2) signing and forwarding to the Company at its offices a later dated proxy, or (3) attending the annual meeting and casting his or her votes personally.

Unless otherwise directed in the accompanying proxy, the persons named therein will vote FOR the nominees for director as set forth in this Notice of Annual Meeting of Shareholders. A majority of the outstanding shares will constitute a quorum at the annual meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Pursuant to Minnesota law and the Company's Articles of Incorporation, abstentions are counted in determining the total number of the votes cast on proposals presented to shareholders, but will not be treated as votes in favor of the proposals. Broker non-votes are not counted for purposes of determining the total number of votes cast on proposals presented to shareholders.

Company with the Securities and Exchange Commission. Executive officers, directors and persons who beneficially own more than ten percent of the common stock of the Company are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company, and written representations from the Company's executive officers and directors, all Section 16(a) filing requirements applicable to the Company's executive officers and directors have been satisfied.

4

NOMINATION

Sections 8 through 11 of Article II of the Company's By-Laws, adopted by the Board on August 23, 1988, provide that a candidate may not be nominated for election as a director at the annual meeting of shareholders unless the nomination was previously submitted to the Board or its nominating committee. A standing nominating committee has not been established although the Board has authority to do so. A shareholder wishing to nominate a candidate for director must do so no later than sixty days following the end of the Company's fiscal year. Nominations are deemed made when the Secretary of the Company receives all of the following: (1) all information about the nominee that may be required to be provided in any proxy statement pursuant to the Securities Exchange Act of 1934 and regulations promulgated thereunder; (2) an executed directors' questionnaire provided by the Company and completed by the nominee; (3) the nominee's statement consenting to his nomination and agreeing to serve, if elected; and (4) evidence that the person making the nomination is a shareholder. After reviewing the submission, the Board or the appointed nominating committee may, but need not, designate one or more of the nominees to appear as an alternate candidate on any proxy solicited by management or any proxy statement furnished by management. The number of such alternate candidates may not exceed the number of directors to be elected at that annual meeting. Exclusion of any eligible candidate from a proxy solicited by management does not affect the right of shareholders to nominate, vote for, or elect such candidate at any shareholders' meeting held within twelve months after submission of the nomination material described above.

DIRECTOR COMPENSATION

During fiscal 1998, each director who is not an employee of the Company was paid \$10,000 as an annual retainer plus \$750 for each meeting attended. In addition to his regular director's fees, Carl J. Ahlgren received \$1,500 in fiscal 1998 for his work in preparing last year's annual report.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION OF ALL NOMINEES FOR DIRECTOR.

INCREASE OF THE COMPANY'S AUTHORIZED COMMON STOCK (PROPOSAL 2)

INTRODUCTION

At present, the Amended and Second Restated Articles of Incorporation of the Company authorize the issuance of 15,000,000 shares of Common Stock, \$.05 par value. As of January 5, 1999, 11,323,030 shares of the Company's authorized shares of Common Stock were issued and outstanding and 3,676,970 shares were authorized but unissued. Of the authorized and unissued, no shares are reserved for issuance pursuant to outstanding options, warrants and other convertible securities of the Company. Accordingly, as of January 5, 1999, there were 3,676,970 shares of Common Stock available for issuance or sale by the Company other than those issuable as described above.

The Board of Directors has unanimously proposed that the Company's Amended and Second Restated Articles of Incorporation be amended to increase the authorized number of shares of Common Stock from 15,000,000 to 30,000,000. The shareholders of the Company are being asked to approve this amendment at the Annual Meeting.

PURPOSE AND EFFECTS OF THE PROPOSED AMENDMENT

The Board of Directors believes that it is necessary and desirable to increase the number of shares of Common Stock the Company is authorized to issue to give the Board of Directors additional flexibility to declare stock splits or dividends, adopt additional future employee benefit plans, make acquisitions

through the use of stock, increase the number of shares in the market, enable the Board of Directors to

5

reserve additional shares for issuance under any options, warrants or convertible securities which may be issued, and raise equity capital. The Board of Directors has no immediate plans, understandings or agreements or commitments to issue additional shares of Common Stock for any of these purposes. The flexibility inherent in having the authority to issue shares of Common Stock will, in the opinion of the Board of Directors, be advantageous to the Company in any negotiations involving the issuance of such stock.

If adopted, the proposal will not, by itself, have any effect on the rights of holders of presently issued and outstanding shares of Common Stock. Under the Company's Amended and Second Restated Articles of Incorporation, the shareholders of the Company do not have preemptive rights with respect to the Common Stock. Thus, should the Board of Directors elect to issue additional shares of Common Stock, existing shareholders would not have any preferential rights to purchase such additional shares of Common Stock.

Although the Board of Directors is proposing this amendment to the Company's Amended and Second Restated Articles of Incorporation for the reasons stated above, the amendment could, under certain circumstances, discourage or make more difficult an attempt by a person or organization to gain control of the Company by tender offer or proxy contest, or to consummate a merger or consolidation with the Company after acquiring control, and to remove incumbent management, even if such transactions were favorable to the shareholders of the Company. Issuance of shares of Common Stock in a private placement to a person sympathetic to management and opposed to any attempt to gain control of the Company could make a change in control of the Company more difficult. Accordingly, this proposal to amend the Company's Amended and Second Restated Articles of Incorporation may be deemed (under certain circumstances which may or may not occur) to be an anti-takeover measure, although the proposal is not being proposed or presented as an anti-takeover measure.

PROPOSED RESOLUTION

A resolution in substantially the following form will be submitted to the shareholders at the Annual Meeting:

RESOLVED, that the first sentence of Article VII of the Company's Amended and Second Restated Articles of Incorporation is amended in its entirety to read as follows:

"The aggregate number of shares which this Corporation shall have the authority to issue is 30,000,000 shares of common stock, with a par value of \$.05 per share."

RESOLVED FURTHER, that the appropriate officers of the Company are authorized and directed to make, execute, acknowledge and file such certificates and documents as may be required by law with respect to the foregoing resolutions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THIS AMENDMENT.

OTHER MATTERS

Management does not know of any other business which will be presented for consideration at the annual meeting. If, however, any other business does properly come before the meeting, proxies will be voted in accordance with the best judgment of the person or persons acting under them.

6

INDEPENDENT PUBLIC ACCOUNTANTS

Deloitte & Touche LLP, independent certified public accountants, have been the auditors of the Company since 1971. They have been retained by the Board of Directors as the Company's auditors for the current fiscal year.

Audit services performed by Deloitte & Touche LLP for the year ended September 27, 1998 consisted of the examination of the consolidated financial statements of the Company and services related to filings with the Securities and Exchange Commission. All services rendered by Deloitte & Touche LLP are

reviewed and approved by the Board of Directors. The Board of Directors has not specifically considered the independence of the auditors in relation to the services rendered, but the auditors have informed the Company that neither the firm nor any of its partners holds any financial interest in the securities of the Company.

Representatives of Deloitte & Touche LLP are expected to attend this annual meeting with the opportunity to make a statement if they desire. They will be available to respond to appropriate questions.

(a) EMPLOYEE STOCK PURCHASE PLAN

All employees of the Company and its subsidiary who have attained the age of 18 years and who have been employed by the Company for one year are eligible to participate in the Company's Employee Stock Purchase Plan. Under the Plan, each participant authorizes the Company to deduct a specified amount, not to exceed \$500, from his paycheck each month, to which the Company adds a bonus of 75% of such amount, to be used by a depository agent to purchase common shares of the Company's stock for the participant's individual account under the Plan. Shares purchased with the Company's bonus vest over a five-year schedule.

(b) MONEY PURCHASE PENSION PLAN

Non-bargaining employees of the Company and its subsidiary who have attained the age of 21 years and completed one year of service are eligible to participate in this defined contribution pension plan. For each year, the Company contributes an amount equal to seven percent of an eligible participant's compensation, and this amount is credited to an account maintained for the participant under the Plan. The maximum annual compensation that may be used to determine Plan benefits is capped at \$160,000 for the current plan year; this limit will be adjusted in future years under federal tax law for cost-of-living increases.

Participant accounts are credited with the appropriate gains or losses resulting from investments made by the Plan. A participant is fully vested after completing seven years of service. At retirement, the participant receives the amount credited to his or her account either as a lump sum, in installments, or in the form of an annuity contract.

(c) EMPLOYEE STOCK OWNERSHIP PLAN

Non-bargaining employees of the Company and its subsidiary who have attained the age of 21 years and completed one year of service are eligible to participate in the Company's Employee Stock Ownership Plan. Contributions to this Plan are made at the discretion of the Board of Directors and credited to individual accounts maintained for participants under the Plan.

The amount of each contribution credited to a participant's account is proportionate to that participant's compensation compared to the total compensation paid to all participants in the Plan. The maximum annual compensation that may be used to determine benefits in the current plan year is \$160,000, which amount will be adjusted in future years for cost-of-living increases. In addition, the aggregate amount contributed in any one plan year for a participant under the Money Purchase Pension Plan and Employee Stock Ownership Plan may not exceed the lesser of 25% of compensation or \$30,000.

Participant accounts in the Employee Stock Ownership Plan are also credited with the appropriate gains or losses resulting from Plan investments. A participant is fully vested after completing seven years of service. At retirement, the participant receives the amount credited to his or her account either as a lump sum or in installments.

OPTION GRANTS AND EXERCISES IN FISCAL 1998

There were no options granted or exercised by the Named Executive Officers in fiscal 1998.

REPORT ON REPRICING OF OPTIONS

None.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

All decisions regarding compensation of executive officers of the Company in fiscal 1998 were made by the Compensation Committee of the Board of Directors. During fiscal 1998, the Compensation Committee was made up of the following directors: John S. McKeon, Carl J. Ahlgren, Norman P. Anderson and Duane M. Jergenson. None of the current officers of the Company participates in any board vote setting his annual salary or bonus.

COMPENSATION COMMITTEE REPORT ON ANNUAL COMPENSATION

The annual compensation programs of the Company are highly leveraged on the basis of performance. The Company's annual compensation mix generally has lower base salaries than comparable companies, coupled with a highly leveraged incentive system which will pay more with good performance and less with below par performance.

8

EXECUTIVE SALARIES

The salary increase of the Company's executive officers are tied to inflation, performance and increase in corporate profits.

EXECUTIVE BONUS PLAN

The bonus plan for executive officers is based on the following factors: corporate performance, business unit performance and personal performance. The corporate performance rating is based on the Company's percentage growth in earnings per share over the prior year and its return on equity. These two factors are the primary determinants of share price over time. Business unit ratings are based primarily on profit performance (market share performance, new product development, workplace diversity and other factors are also considered). Personal ratings can include such qualitative factors as quality of the strategic plan, organizational and management development progress and industry, public affairs, and civic involvement.

Corporate business unit ratings can range from .5 to 1.8 with top annual performance represented by a 1.5 or higher rating. Personal ratings can range from 0.0 to 1.5. These ratings are then combined with the participant's target incentive participation rate (a percentage of base salary which increases for higher positions within the Company). Both business unit and personal ratings are heavily dependent on achievement of financial objectives. The weights for executive officers are 50% corporate and 50% personal, while business unit

officers are generally 38% unit, 12% corporate and 50% personal. The total corporate bonus package is approximately 11% of the Company's income from operations.

CHIEF EXECUTIVE OFFICER COMPENSATION

The compensation of Dean R. Hahn, Chief Executive Officer, is determined in the same manner as set forth above for all other executive officers.
