SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549**

FORM 10-Q

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE
SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended October 1, 2017

Commission file number 0-7647

HAWKINS, INC.

(Exact name of registrant as specified in its charter)

MINNESOTA

(State or other jurisdiction of
incorporation or organization)

41-0771293

(I.R.S. Employer
Identification No.)

2381 ROSEGATE, ROSEVILLE, MINNESOTA 55113
(Address of principal executive offices, including zip code)

(612) 331-6910

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. YES NO

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES NO

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer (as defined in Rule 12b-2 of the Exchange Act).

Large Accelerated Filer Non-Accelerated Filer Accelerated Filer Smaller Reporting Company
Emerging Growth Company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
YES NO

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date.

CLASS
Common Stock, par value \$.05 per share

Shares Outstanding at October 27, 2017

HAWKINS, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

Note 1 – Basis of Presentation

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions for Form 10-Q and, accordingly, do not include all information and footnotes required by generally accepted accounting principles for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and footnotes included in our Annual Report on Form 10-K for the fiscal year ended April 2, 2017, previously filed with the Securities and Exchange Commission (“SEC”). In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary to present fairly our financial position and the results of our operations and cash flows for the periods presented. All adjustments made to the interim condensed consolidated financial statements were of a normal recurring nature. All significant intercompany accounts and transactions have been eliminated in consolidation.

The accounting policies we follow are set forth in Note 1 – Nature of Business and Significant Accounting Policies to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended April 2, 2017, previously filed with the SEC. There has been no significant change in our accounting policies since the end of fiscal 2017.

The results of operations for the six months ended October 1, 2017 are not necessarily indicative of the results that may be expected for the full year.

References to fiscal 2017 refer to the fiscal year ended April 2, 2017 and references to fiscal 2018 refer to the fiscal year ending April 1, 2018.

Recently Issued Accounting Pronouncements

In March 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (ASU) 2016-02, which provides new accounting guidance requiring lessees to recognize most leases as assets and liabilities on the balance sheet. This guidance will be effective for annual periods beginning after December 15, 2018 (our fiscal year ended March 30, 2020) and interim periods within those annual periods. We are currently evaluating the impact of this accounting pronouncement on our results of operations and financial position.

In January 2016, the FASB issued ASU 2016-01, which provides guidance that addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. This guidance will be effective for annual reporting periods beginning after December 15, 2017 (our fiscal year ending March 31, 2019), and interim periods within those annual periods. Early adoption is not permitted. We are currently evaluating the impact that this guidance will have on our results of operations and financial position.

In May 2014, the FASB issued ASU 2014-09, which provides new accounting requirements for recognition of revenue from contracts with customers. The requirements of the new standard will be effective for annual reporting periods beginning after December 15, 2017 (our fiscal year ending March 31, 2019), and interim periods within those annual periods. We have performed a preliminary evaluation of the effect of adoption on our consolidated financial statements, and we do not currently expect a material impact on our results of operations, cash flows or financial position. We anticipate we will expand our consolidated financial statement disclosures to comply with the ASU. We have not yet decided on our transition method upon adoption.

Recently Adopted Accounting Pronouncements

In March 2016, the FASB issued ASU 2016-09, which provides accounting guidance intended to improve the accounting for share-based payment transactions. This guidance outlines new provisions intended to simplify various aspects related to accounting for share-based payments and their presentation in the financial statements. We adopted this guidance in the first quarter of fiscal 2018. We will continue to estimate forfeitures as we determine compensation cost each period. The primary impact on our consolidated financial statements is the recognition of excess tax benefits in the provision for income taxes rather than additional paid-in capital, which may result in increased volatility in the reported amounts of income tax expense and net income.

In July 2015, the FASB issued ASU 2015-11, which requires companies to change the measurement principal for inventory measured using the first-in, first-out (“FIFO”) or average cost method from the lower of cost or market to the lower of cost and net realizable value. Treatment of inventory valued under the last-in, last-out (“LIFO”) method is unchanged by this guidance. We adopted this guidance in the first quarter of fiscal 2018 and there was no impact to our financial position or results of operations.

Note 2 – Earnings per Share

Basic earnings per share (“EPS”) are computed by dividing net earnings by the weighted-average number of common shares outstanding. Diluted EPS includes the incremental shares assumed to be issued as performance units and restricted stock. Basic and diluted EPS were calculated using the following:

	Three Months Ended		Six Months Ended	
	October 1, 2017	October 2, 2016	October 1, 2017	October 2, 2016
Weighted-average common shares outstanding—basic	10,605,629	10,536,309	10,594,309	10,524,724
Dilutive impact of performance units and restricted stock	44,956	50,630	47,422	56,529
Weighted-average common shares outstanding—diluted	10,650,585	10,586,939	10,641,731	10,581,253

For each of the three and six months ended October 1, 2017 and October 2, 2016, there were no shares excluded from the calculation of weighted-average common shares for diluted EPS.

Note 3 – Derivative Instruments

On September 20, 2016, we entered into an interest rate swap agreement to manage the risk associated with a portion of our variable-rate long-term debt. We do not utilize derivative instruments for speculative purposes. The interest rate swap involves the exchange of fixed-rate and variable-rate payments without the exchange of the underlying notional amount on which the interest payments are calculated. The new swap agreement began September 1, 2017 and will terminate concurrently with the expiration of our credit facility on December 23, 2020. The notional amount of the swap agreement is \$40 million from September 1, 2017 through August 31, 2018, \$30 million from September 1, 2018 through August 31, 2019 and \$20 million from September 1, 2019 through December 23, 2020. We have designated this swap as a cash flow hedge and have determined that it qualifies for hedge accounting treatment. For so long as the hedge is effective, changes in fair value of the cash flow hedge are recorded in other comprehensive income (net of tax) until income or loss from the cash flows of the hedged item is realized.

For the three months ended October 1, 2017, we recorded a nominal unrealized gain (net of tax) in other comprehensive loss related to the cash flow hedge. For the six months ended October 1, 2017, we recorded \$0.1 million in other comprehensive loss related to unrealized losses (net of tax) on the cash flow hedge. For the three and six months ended October 2, 2016, we recorded \$0.1 million in other comprehensive loss related to unrealized losses (net of tax) on the cash flow hedge. Included in other long-term assets on our condensed consolidated balance sheet was \$0.4 million as of October 1, 2017 and \$0.5 million as of April 2, 2017 related to the cash flow hedge. Unrealized gains and losses will be reflected in net income when the related cash flows or hedged transactions occur and offset the related performance of the hedged item.

By their nature, derivative instruments are subject to market risk. Derivative instruments are also subject to credit risk associated with counterparties to the derivative contracts. Credit risk associated with derivatives is measured based on the replacement cost should the counterparty with a contract in a gain position to us fail to perform under the terms of the contract. We do not anticipate nonperformance by the counterparty.

Note 4 – Fair Value Measurements

Our financial assets and liabilities are measured at fair value at the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). We classify the inputs used to measure fair value into the following hierarchy:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Quoted prices in active markets for similar assets or liabilities, or quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable or can be corroborated by observable market data for the asset or liability.
- Level 3: Unobservable inputs for the asset or liability that are supported by little or no market activity. These fair values are determined using pricing models for which the assumptions utilize management’s estimates or market participant assumptions.

Assets and Liabilities Measured at Fair Value on a Recurring Basis. The fair value hierarchy requires the use of observable market data when available. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. Our assessment of the significance of a particular item to the fair value measurement in its entirety requires judgment, including the consideration of inputs specific to the asset or liability.

Our financial assets that are measured at fair value on a recurring basis are an interest rate swap and assets held in a deferred compensation retirement plan. Both of these assets are classified as other long-term assets on our balance sheet, with the portion of the deferred compensation retirement plan assets expected to be paid within twelve months reclassified to current assets. The fair value of the interest rate swap is determined by the respective counterparties based on interest rate changes. Interest rate swaps are valued based on observable interest rate yield curves for similar instruments. The deferred compensation plan assets relate to contributions made to a non-qualified compensation plan, established in fiscal 2017, on behalf of certain employees who are classified as “highly compensated employees” as determined by IRS guidelines. The assets are part of a rabbi trust and the funds are held in mutual funds. The fair value of the deferred compensation is based on the quoted market prices for the mutual funds at the end of the period.

The following table summarizes the balances of assets measured at fair value on a recurring basis as of October 1, 2017 and April 2, 2017.

(In thousands)	October 1, 2017	Level 1	Level 2	Level 3
Interest rate swap	\$ 397	—	\$ 397	—
Deferred compensation plan assets	\$ 1,406	\$ 1,406	—	—

(In thousands)	April 2, 2017	Level 1	Level 2	Level 3
Interest rate swap	\$ 502	—	\$ 502	—
Deferred compensation plan assets	—	—	\$ —	—

Note 5 – Inventories

Inventories at October 1, 2017 and April 2, 2017 consisted of the following:

(In thousands)	October 1, 2017	April 2, 2017
Inventory (FIFO basis)	\$ 68,133	\$ 52,735
LIFO reserve	(2,199)	(1,486)
Net inventory	\$ 65,934	\$ 51,249

The FIFO value of inventories accounted for under the LIFO method was \$46.9 million at October 1, 2017 and \$37.0 million at April 2, 2017. The remainder of the inventory was valued and accounted for under the FIFO method.

The LIFO reserve increased \$0.2 million during the three months ended October 1, 2017 and decreased \$0.3 million during the three months ended October 2, 2016. During the six months ended October 1, 2017, the LIFO reserve increased \$0.7 million, while it decreased \$0.4 million for the six months ended October 2, 2016. The valuation of LIFO inventory for interim periods is based on our estimates of year-end inventory levels and costs.

Note 6 – Goodwill and Intangible Assets

The carrying amount of goodwill was \$97.6 million as of October 1, 2017 and April 2, 2017, of which \$84.1 million was related to our Health and Nutrition segment. The annual goodwill impairment test we performed in fiscal 2017 indicated the excess fair value of this reporting unit was \$7.4 million, or 4.8%.

A summary of our intangible assets as of October 1, 2017 and April 2, 2017 is as follows:

(In thousands)	October 1, 2017			April 2, 2017		
	Gross Amount	Accumulated Amortization	Net	Gross Amount	Accumulated Amortization	Net
Finite-life intangible assets						
Customer relationships	\$ 78,383	\$ (10,137)	\$ 68,246	\$ 78,383	\$ (7,854)	\$ 70,529
Trademarks and trade names	6,045	(2,139)	3,906	6,045	(1,790)	4,255
Other finite-life intangible assets	3,648	(3,000)	648	3,648	(2,776)	872
Total finite-life intangible assets	88,076	(15,276)	72,800	88,076	(12,420)	75,656
Indefinite-life intangible assets	1,227	—	1,227	1,227	—	1,227
Total intangible assets	\$ 89,303	\$ (15,276)	\$ 74,027	\$ 89,303	\$ (12,420)	\$ 76,883

Note 7 – Debt

Debt at October 1, 2017 and April 2, 2017 consisted of the following:

	October 1, 2017	April 2, 2017
(In thousands)		
Senior secured term loan	\$ 89,375	\$ 93,125
Senior secured revolving loan	23,000	10,000
Total debt	112,375	103,125
Less: unamortized debt issuance costs	(442)	(510)
Total debt, net of debt issuance costs	111,933	102,615
Less: current portion of long-term debt	(9,239)	(7,989)
Total long-term debt	\$ 102,694	\$ 94,626

Note 8 – Income Taxes

We are subject to U.S. federal income tax as well as income tax of multiple state jurisdictions. The tax years prior to our fiscal year ended April 3, 2016 are closed to examination by the Internal Revenue Service. Our federal tax return filed for our fiscal year ended March 29, 2015 was examined by the Internal Revenue Service with no adjustments. For state and local income tax jurisdictions, the tax years prior to our fiscal year ended March 30, 2014 are closed to examination, with few exceptions. Our effective tax rate was 38.5% for the six months ended October 1, 2017 compared to 38.1% for the six months ended October 2, 2016.

As of October 1, 2017 and April 2, 2017, our balance sheet included a long-term liability for uncertain tax positions of \$0.2 million and \$0.8 million, respectively, which arose from tax positions taken by Stauber on its tax returns for periods prior to our acquisition, offset by a corresponding long-term receivable as the Stauber acquisition agreement provides us with indemnification by the prior owners for any tax liabilities relating to pre-acquisition tax returns. Accordingly, we have also recorded an offsetting, long-term receivable for \$0.2 million and \$0.8 million as of October 1, 2017 and April 2, 2017, respectively, and, as such, any change in the unrecognized tax benefit will not impact our effective tax rate in future periods. We expect these uncertain income tax amounts to decrease as the applicable examination periods by the relevant taxing authorities expire.

Note 9 – Share-Based Compensation

Performance-Based Restricted Stock Units. Our Board of Directors (the “Board”) approved a performance-based equity compensation arrangement for our executive officers during the first quarters of each of fiscal 2018 and fiscal 2017. These performance-based arrangements provide for the grant of performance-based restricted stock units that represent a possible future issuance of restricted shares of our common stock based on a pre-tax income target for the applicable fiscal year. The actual number of restricted shares to be issued to each executive officer is determined when our final financial information becomes available after the applicable fiscal year and will be between zero shares and 57,855 shares in the aggregate for fiscal 2018. The restricted shares issued will fully vest two years after the last day of the fiscal year on which the performance is based. We are recording the compensation expense for the outstanding performance share units and the converted restricted stock over the life of the awards.

The following table represents the restricted stock activity for the six months ended October 1, 2017:

	Shares	Weighted-Average Grant Date Fair Value
Unvested at beginning of period	28,853	\$ 43.10
Granted	35,075	47.50
Forfeited or expired	(9,220)	45.45
Unvested at end of period	54,708	\$ 45.52

We recorded compensation expense related to performance share units and restricted stock of \$0.3 million and \$0.5 million for the three and six months ended October 1, 2017, respectively. We recorded compensation expense related to performance share units and restricted stock of \$0.4 million and \$0.8 million for the three and six months ended October 2, 2016, respectively. Substantially all of the compensation expense was recorded in selling, general and administrative expenses in the condensed consolidated statements of income.

Restricted Stock Awards. As part of their retainer, each non-employee director receives an annual grant of restricted stock for their Board of Director services. The restricted stock awards are expensed over the requisite vesting period, which is one year from the date of issuance, based on the market value on the date of grant. As of October 1, 2017, there were 8,484 shares of restricted stock with a weighted averaged grant date fair value of \$41.25 outstanding under this program. Compensation expense for both of the three month periods ended October 1, 2017 and October 2, 2016 related to restricted stock awards to the Board was \$0.1 million. Compensation expense for the six months ended October 1, 2017 and October 2, 2016 related to restricted stock awards to the Board was \$0.2 million and \$0.1 million, respectively.

Note 10 – Share Repurchase Program

We have in place a share repurchase program approved by our Board of up to 300,000 shares of our outstanding common stock. Under the program, we are authorized to repurchase shares for cash on the open market or in privately negotiated transactions subject to applicable securities laws and regulations. Upon repurchase of the shares, we reduce our common stock for the par value of the shares with the excess applied against additional paid-in capital.

No shares were repurchased during the six months ended October 1, 2017 or during fiscal 2017. As of October 1, 2017, 112,546 shares remained available to be repurchased under the share repurchase program.

Note 11 – Litigation, Commitments and Contingencies

Litigation — There are no material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which we or any of our subsidiaries are a party or of which any of our property is the subject. Legal fees associated with such matters are expensed as incurred.

Note 12 – Segment Information

We have three reportable segments: Industrial, Water Treatment, and Health and Nutrition. The accounting policies of the segments are the same as those described in the summary of significant accounting policies in our fiscal 2017 Annual Report on Form 10-K.

We evaluate performance based on profit or loss from operations before income taxes not including nonrecurring gains and losses. Reportable segments are defined primarily by product and type of customer. Segments are responsible for the sales, marketing and development of their products and services. Other than our Health and Nutrition segment, the segments do not have separate accounting, administration, customer service or purchasing functions. We allocate certain corporate expenses to our operating segments. There are no intersegment sales and no operating segments have been aggregated. No single customer's revenues amounted to 10% or more of our total revenue. Sales are primarily within the United States and all assets are located within the United States.

(In thousands)	Industrial	Water Treatment	Health and Nutrition	Total
Three months ended October 1, 2017:				
Sales	\$ 58,689	\$ 38,217	\$ 28,489	\$ 125,395
Gross profit	8,308	11,028	4,779	24,115
Selling, general, and administrative expenses	5,295	5,042	4,491	14,828
Operating income	3,013	5,986	288	9,287
Three months ended October 2, 2016:				
Sales	\$ 55,846	\$ 36,856	\$ 28,548	\$ 121,250
Gross profit	10,185	11,072	5,775	27,032
Selling, general, and administrative expenses	5,392	4,953	4,526	14,871
Operating income	4,793	6,119	1,249	12,161
Six months ended October 1, 2017:				
Sales	\$ 122,716	\$ 76,441	\$ 59,969	\$ 259,126
Gross profit	17,281	22,231	10,602	50,114
Selling, general and administrative expenses	11,051	10,299	9,244	30,594
Operating income	6,230	11,932	1,358	19,520
Six months ended October 2, 2016:				
Sales	\$ 119,634	\$ 72,492	\$ 60,498	\$ 252,624
Gross profit	20,607	21,701	12,940	55,248
Selling, general and administrative expenses	10,787	10,017	9,193	29,997
Operating income	9,820	11,684	3,747	25,251

No significant changes to identifiable assets by segment occurred during the six months ended October 1, 2017.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following is a discussion and analysis of our financial condition and results of operations for the three and six months ended October 1, 2017 as compared to the similar periods ended October 2, 2016. This discussion should be read in conjunction with the condensed consolidated financial statements and notes to condensed consolidated financial statements included in this quarterly report on Form 10-Q and Item 8 of our Annual Report on Form 10-K for the fiscal year ended April 2, 2017 (“fiscal 2017”). References to “fiscal 2018” refer to the fiscal year ending April 1, 2018.

Overview

We derive substantially all of our revenues from the sale of chemicals and specialty ingredients to our customers in a wide variety of industries. We began our operations primarily as a distributor of bulk chemicals with a strong customer focus. Over the years, we have maintained the strong customer focus and have expanded our business by increasing our sales of value-added chemical and specialty ingredients, including manufacturing, blending, and repackaging certain products.

Financial Results

We focus on total profitability dollars when evaluating our financial results. We believe that gross profit dollars is the best measure of our profitability from product sales because a significant portion of our raw material purchases are impacted by commodity pricing. When commodity prices rise or fall, the changes can cause fluctuations in gross profit as a percentage of sales.

We use the last in, first out (“LIFO”) method for valuing a large portion of our inventory in our Industrial and Water Treatment segments, which causes the most recent product costs for those products to be recognized in our income statement. The valuation of LIFO inventory for interim periods is based on our estimates of fiscal year-end inventory levels and costs. The LIFO inventory valuation method and the resulting cost of sales are consistent with our business practices of pricing to current chemical raw material prices. We recorded an increase in our LIFO reserve of \$0.2 million for the three months ended October 1, 2017 and \$0.7 million for the six months ended October 1, 2017, which decreased our reported gross profit for those periods. We recorded a decrease in our LIFO reserve of \$0.3 million for the three months ended October 2, 2016 and \$0.4 million for the six months ended October 2, 2016, which increased our reported gross profit for those periods. Inventories in the Health and Nutrition segment are valued using the first-in, first-out (“FIFO”) method.

Our Industrial and Water Treatment segments sell bulk commodity products. We disclose the sales of our bulk commodity products as a percentage of total sales dollars within each of those segments. Our definition of bulk commodity products includes products that we do not modify in any way, but receive, store, and ship from our facilities, or direct ship to our customers in large quantities. We review our sales reporting on a periodic basis to ensure we are including all products that meet this definition.

Results of Operations

The following table sets forth the percentage relationship of certain items to sales for the period indicated:

	Three months ended		Six months ended	
	October 1, 2017	October 2, 2016	October 1, 2017	October 2, 2016
Sales	100.0 %	100.0 %	100.0 %	100.0 %
Cost of sales	(80.8)%	(77.7)%	(80.7)%	(78.1)%
Gross profit	19.2 %	22.3 %	19.3 %	21.9 %
Selling, general and administrative expenses	(11.8)%	(12.3)%	(11.8)%	(11.9)%
Operating income	7.4 %	10.0 %	7.5 %	10 %
Interest income, net	(0.7)%	(0.5)%	(0.6)%	(0.5)%
Income before income taxes	6.7 %	9.5 %	6.9 %	9.5 %
Income tax provision	(2.6)%	(3.6)%	(2.7)%	(3.6)%
Net income	4.1 %	5.9 %	4.2 %	5.9 %

Three Months Ended October 1, 2017 Compared to Three Months Ended October 2, 2016

Sales

Sales increased \$4.1 million, or 3.4%, to \$125.4 million for the three months ended October 1, 2017, as compared to \$121.3 million reported for the same period of the prior year.

Industrial Segment. Industrial segment sales were \$58.7 million for the three months ended October 1, 2017, an increase of \$2.8 million, or 5.1%, from \$55.8 million for the same period of the prior year. Sales of bulk commodity products in the Industrial segment were approximately 19% of sales dollars for both the three months ended October 1, 2017 and for the same period in the prior year. Although overall sales volumes decreased, sales dollars increased due to a product mix shift to more sales of certain specialty products with higher per-unit selling prices, and, to a lesser extent, increased costs on one of our major commodities that resulted in higher selling prices on certain products.

Water Treatment Segment. Water Treatment segment sales increased \$1.4 million, or 3.7%, to \$38.2 million for the three months ended October 1, 2017, as compared to \$36.8 million for the same period of the prior year. Sales of bulk commodity products in the Water Treatment segment were approximately 14% of sales dollars in the both the three months ended October 1, 2017 and the same period a year ago. Sales dollars increased as a result of increased sales of specialty products.

Health & Nutrition Segment. Health and Nutrition segment sales were \$28.5 million for both the three months ended October 1, 2017 and the same period of the prior year. Increased sales of distributed products were offset by decreased sales of our manufactured products.

Gross Profit

Gross profit was \$24.1 million, or 19.2% of sales, for the three months ended October 1, 2017, a decrease of \$2.9 million from \$27.0 million, or 22.3% of sales, for the same period of the prior year. As a result of raw material cost increases, the current year increase in the LIFO reserve reduced gross profit by \$0.6 million year over year. The decrease in gross profit was further negatively impacted by investments in personnel and equipment to drive future growth, product mix changes and competitive pricing pressures.

Industrial Segment. Gross profit for the Industrial segment decreased \$1.9 million to \$8.3 million, or 14.2% of sales, for the three months ended October 1, 2017, as compared to \$10.2 million, or 18.2% of sales, for the same period of the prior year. Raw material cost increases negatively impacted the quarter with the LIFO method of valuing inventory decreasing gross profit by \$0.2 million in the current year while increasing gross profit by \$0.3 million for the same period of the prior year. In addition, gross profit and gross profit as a percentage of sales were impacted in the current quarter by increased operating costs as we invest for future growth and to comply with increased regulatory requirements. Increased profits from sales of certain higher-margin specialty products were offset by lower profits on certain commodity products due to competitive pricing pressures.

Water Treatment Segment. Gross profit for the Water Treatment segment decreased \$0.1 million to \$11.0 million, or 28.9% of sales, for the three months ended October 1, 2017, from \$11.1 million, or 30.0% of sales, for the comparable period of the prior year. Despite increased sales volumes and revenues, gross profit was down slightly from a year ago primarily due to raw material cost increases and competitive pricing pressures. Raw material cost increases had a nominal year-over-year impact to the LIFO reserve in this segment.

Health and Nutrition Segment. Gross profit for our Health and Nutrition segment decreased \$1.0 million to \$4.8 million, or 16.8% of sales, for the three months ended October 1, 2017, from \$5.8 million, or 20.2% of sales, for the three months ended October 2, 2016. The decreases in gross profit and gross profit as a percentage of sales were primarily due to planned cost increases to drive future growth, including accelerated depreciation expense of \$0.1 million related to the removal of manufacturing equipment to install newer, more efficient equipment, as well as decreased sales of manufactured products that carry higher per-unit margins.

Selling, General and Administrative Expenses

Selling, general and administrative (“SG&A”) expenses were \$14.8 million, or 11.8% of sales, for the three months ended October 1, 2017, a decrease of \$0.1 million from \$14.9 million, or 12.3% of sales, for the same period of the prior year. The decrease was due to a decline in certain variable expenses.

Operating Income

Operating income was \$9.3 million for the three months ended October 1, 2017, as compared to \$12.2 million for the same period of the prior year. Operating income in our Industrial segment decreased by \$1.8 million driven by lower gross profits, partially offset by slightly reduced SG&A expenses. Operating income in our Water Treatment segment decreased by \$0.1 million due to lower gross profits and slightly higher SG&A expenses. Operating income in our Health and Nutrition Segment decreased by \$1.0 million driven by lower gross profits compared to the comparable period in the prior year.

Interest Expense, Net

Interest expense was \$0.8 million for the three months ended October 1, 2017 compared to \$0.6 million for the same period of the prior year due primarily to increased outstanding borrowings in the current quarter to fund working capital requirements.

Income Tax Provision

Our effective income tax rate was 38.5% for the three months ended October 1, 2017 and 37.7% for the three months ended October 2, 2016. The effective tax rate is impacted by projected levels of annual taxable income, permanent items, and state taxes.

Six Months Ended October 1, 2017 Compared to Six Months Ended October 2, 2016

Sales

Sales increased \$6.5 million, or 2.6%, to \$259.1 million for the six months ended October 1, 2017, as compared to \$252.6 million reported for the same period of the prior year.

Industrial Segment. Industrial segment sales were \$122.7 million for the six months ended October 1, 2017, an increase of \$3.1 million, or 2.6%, from \$119.6 million for the same period of the prior year. Sales of bulk commodity products in the Industrial segment were approximately 19% of sales dollars for the six months ended October 1, 2017 and 18% of sales for the same period in the prior year. Although overall sales volumes were relatively flat year over year, sales dollars increased due to a product mix shift to more sales of certain specialty products with higher per-unit selling prices, as well as increased costs on one of our major commodities that resulted in higher selling prices on certain products.

Water Treatment Segment. Water Treatment segment sales increased \$3.9 million, or 5.4%, to \$76.4 million for the six months ended October 1, 2017, as compared to \$72.5 million for the same period of the prior year. Sales of bulk commodity products in the Water Treatment segment were approximately 14% of sales dollars in both the six months ended October 1, 2017 and the same period a year ago. Sales dollars increased as a result of increased sales across many product lines, in particular certain specialized products that carry higher per-unit selling prices.

Health & Nutrition Segment. Health and Nutrition segment sales were \$60.0 million for the six months ended October 1, 2017, a decrease of \$0.5 million, or 0.9%, from \$60.5 million for the same period of the prior year. Increased sales of distributed products were more than offset by sales of our manufactured products.

Gross Profit

Gross profit was \$50.1 million, or 19.3% of sales, for the six months ended October 1, 2017, a decrease of \$5.1 million from \$55.2 million, or 21.9% of sales, for the same period of the prior year. As a result of raw material price increases, the current year increase in the LIFO reserve reduced gross profit by \$1.1 million year over year. In addition, the decrease in gross profit was due to \$1.4 million of planned increases in personnel and other investments to drive future growth, including accelerated depreciation of \$0.7 million, as well as a \$0.5 million reclassification from SG&A expenses, product mix changes and continued competitive pricing pressures.

Industrial Segment. Gross profit for the Industrial segment decreased \$3.3 million to \$17.3 million, or 14.1% of sales, for the six months ended October 1, 2017, as compared to \$20.6 million, or 17.2% of sales, for the same period of the prior year. Raw material cost increases negatively impacted year-to-date results with the LIFO method of valuing inventory decreasing gross profit by \$0.6 million in the current year while increasing gross profit by \$0.3 million for the same period of the prior year. In addition, the decreases in gross profit and gross profit as a percentage of sales were driven by increased operating costs as we invest for future growth and to comply with increased regulatory requirements and lower margins on certain commodity products driven by competitive pricing pressures with rising raw material costs, offset somewhat by higher profits on sales of certain specialty products with higher per-unit margins.

Water Treatment Segment. Gross profit for the Water Treatment segment increased \$0.5 million to \$22.2 million, or 29.1% of sales, for the six months ended October 1, 2017, from \$21.7 million, or 29.9% of sales, for the comparable period of the prior year. Gross profit dollars increased due to increased sales volumes across many product lines, in particular certain of our specialized products that have higher per-unit margins. Raw material cost increases negatively impacted year-to-date results with the LIFO method of valuing inventory decreasing gross profit by \$0.1 million in the current year while increasing gross profit by \$0.1 million for the same period of the prior year.

Health and Nutrition Segment. Gross profit for our Health and Nutrition segment decreased \$2.3 million to \$10.6 million, or 17.7% of sales, for the six months ended October 1, 2017, from \$12.9 million, or 21.4% of sales, for the six months ended October 1, 2016. The decreases in gross profit and gross profit as a percentage of sales were primarily due to planned cost increases to drive future growth, including accelerated depreciation expense of \$0.7 million related to manufacturing equipment that we are removing to install newer, more efficient equipment, as well as the reclassification of \$0.5 million of costs that were recorded as SG&A expenses in the prior year to operating overhead in the current year to conform to our presentation. In addition, decreased sales of our manufactured products, which carry higher per-unit margins, contributed to the decline in gross profit and gross profit as a percentage of sales.

Selling, General and Administrative Expenses

SG&A expenses were \$30.6 million, or 11.8% of sales, for the six months ended October 1, 2017, an increase of \$0.6 million from \$30.0 million, or 11.9% of sales, for the same period of the prior year. Expenses increased as a result of the addition of sales and support personnel to drive future growth, offset partially by the reclassification of \$0.5 million of expenses in our Health & Nutrition segment from SG&A to operating overhead to conform to our presentation.

Operating Income

Operating income was \$19.5 million for the six months ended October 1, 2017, as compared to \$25.3 million for the same period of the prior year. Operating income in our Industrial segment decreased by \$3.6 million driven by lower gross profits and increased SG&A expenses in that segment. Operating income in our Water Treatment segment increased by \$0.2 million due to higher gross profits partially offset by increased SG&A expenses. Operating income in our Health and Nutrition segment decreased by \$2.4 million driven by lower gross profits compared to the comparable period in the prior year.

Interest Expense, Net

Interest expense was \$1.6 million for the first six months of fiscal 2017, compared to \$1.3 million for the same period of the prior year due primarily to increased outstanding borrowings in the current year to fund working capital requirements.

Income Tax Provision

Our effective income tax rate was 38.5% for the six months ended October 1, 2017 and 38.1% for the comparable period in the prior year. The effective tax rate is impacted by projected levels of annual taxable income, permanent items, and state taxes.

Liquidity and Capital Resources

Cash was \$3.8 million at October 1, 2017, a decrease of \$3.1 million as compared with the \$6.9 million available as of April 2, 2017. Cash provided by operating and financing during the six months ended October 1, 2017 was more than offset by cash used for capital expenditures and cash dividends paid.

Cash provided by operating activities was \$4.5 million for the six months ended October 1, 2017, compared to cash provided by operating activities of \$28.0 million for the same period of the prior year. The decrease in cash provided by operating activities was primarily driven by a year-over-year change in the amount of cash provided by accounts receivable, driven by high levels of collections in the first six month of the prior year, as well as a change in the amount of cash utilized to purchase inventory during the first six months of fiscal 2018 as compared to the same period in the prior year. The large increase in inventory in the first half of fiscal 2018 was primarily due to an increase in on-hand and in-transit inventory, along with an increase in the per-unit cost, of one of our major commodities. The decision to increase inventory was driven largely by expectations of further cost increases throughout calendar 2017. Due to the nature of our operations, which includes purchases of large quantities of bulk chemicals, timing of purchases can result in significant changes in working capital investment and the resulting operating cash flow. Typically, our cash requirements increase during the period from April through November as caustic soda inventory levels increase as the majority of barges are received during this period.

Cash used in investing activities was \$13.0 million for the six months ended October 1, 2017, compared to \$12.2 million for the six months ended October 2, 2016. Capital expenditures were \$13.2 million for the six months ended October 1, 2017, compared to \$10.3 million in the same period of the prior fiscal year. Included in capital expenditures for the first six months of

fiscal 2018 was \$5.3 million related to business expansion, inventory storage, and process improvements, including the purchase of three of our previously leased Florida locations, and \$5.8 million related to facility improvements, replacement equipment, new and replacement containers, and Water Treatment trucks. In the previous year, we paid \$2.2 million of additional purchase price for Stauber as closing cash, debt and working capital balances were finalized in early 2017.

Cash provided by financing activities was \$5.5 million for the six months ended October 1, 2017, compared to cash used in financing activities of \$19.2 million in the same period of the prior fiscal year. Included in financing activities were dividend payments of \$4.5 million, debt repayments of \$3.8 million on our Term Loan Facility (as defined below) and net proceeds of \$13.0 million resulting from borrowings on our Revolving Loan Facility (as defined below) which were made in the six months ended October 1, 2017 to fund working capital requirements. In the first six months of the prior fiscal year, we made dividend payments of \$4.2 million, debt repayments on our Term Loan Facility of \$2.5 million, and repayments of \$13.0 million on our Revolving Loan Facility.

We expect our cash balances and funds available under our credit facility, discussed below, along with cash flows generated from operations, will be sufficient to fund the cash requirements of our ongoing operations for the foreseeable future.

On December 23, 2015, we entered into a credit agreement (the "Credit Agreement") with U.S. Bank National Association ("U.S. Bank") as Sole Lead Arranger and Sole Book Runner and other lenders from time to time party thereto (collectively, the "Lenders"), whereby U.S. Bank is also serving as Administrative Agent. The Credit Agreement provides us with senior secured credit facilities (the "Credit Facility") totaling \$165.0 million, consisting of a \$100.0 million senior secured term loan credit facility (the "Term Loan Facility") and a \$65.0 million senior secured revolving loan credit facility (the "Revolving Loan Facility"). The Term Loan facility requires mandatory quarterly repayments, with the balance due at maturity. The Revolving Loan Facility includes a letter of credit subfacility in the amount of \$5.0 million and a swingline subfacility in the amount of \$8.0 million. The Credit Facility is scheduled to terminate on December 23, 2020. The Credit Facility is secured by substantially all of our personal property assets and those of our subsidiaries.

Borrowings under the Credit Facility bear interest at a variable rate per annum equal to one of the following, plus, in both cases, an applicable margin based upon our leverage ratio: (a) LIBOR for an interest period of one, two, three or six months as selected by us, reset at the end of the selected interest period, or (b) a base rate determined by reference to the highest of (1) U.S. Bank's prime rate, (2) the Federal Funds Effective Rate plus 0.5%, or (3) one-month LIBOR for U.S. dollars plus 1.0%. The LIBOR margin is 1.125%, 1.25% or 1.5%, depending on our leverage ratio. The base rate margin is either 0.125%, 0.25% or 0.5%, depending on our leverage ratio. At October 1, 2017, the effective interest rate on our borrowings was 2.7%.

On September 20, 2016, we entered into an interest rate swap agreement to manage the risk associated with a portion of our variable-rate long-term debt. We do not utilize derivative instruments for speculative purposes. The interest rate swap involves the exchange of fixed-rate and variable-rate payments without the exchange of the underlying notional amount on which the interest payments are calculated. The new swap agreement began September 1, 2017 and will terminate concurrently with the expiration of our credit facility on December 23, 2020. The notional amount of the swap agreement is \$40 million from September 1, 2017 through August 31, 2018, \$30 million from September 1, 2018 through August 31, 2019 and \$20 million from September 1, 2019 through December 23, 2020. We have designated this swap as a cash flow hedge and have determined that it qualifies for hedge accounting treatment. For so long as the hedge is effective, changes in fair value of the cash flow hedge are recorded in other comprehensive loss (net of tax) until income or loss from the cash flows of the hedged item is realized.

In addition to paying interest on the outstanding principal under the Credit Facility, we are required to pay a commitment fee on the unutilized commitments thereunder. The commitment fee is 0.25% to 0.3%, depending on our leverage ratio.

Debt issuance costs of \$0.7 million were paid to the lenders and are being amortized as interest expense over the term of the credit facility. As of October 1, 2017, the unamortized balance of these costs was \$0.4 million, and is reflected as a reduction of debt on our balance sheet.

The Credit Agreement requires us to maintain (a) a minimum fixed charge coverage ratio of 1.15 to 1.00 and (b) a maximum total cash flow leverage ratio of 3.0 to 1.0. The Credit Agreement also contains other customary affirmative and negative covenants, including covenants that restrict our ability to incur additional indebtedness, dispose of significant assets, make certain investments, including any acquisitions other than permitted acquisitions, make certain payments, enter into sale and leaseback transactions, grant liens on our assets or enter into rate management transactions, subject to certain limitations. We are permitted to make distributions, pay dividends and repurchase shares so long as no default or event of default exists or would exist as a result thereof. As of October 1, 2017, we were in compliance with all required covenants.

The Credit Agreement contains customary events of default, including failure to make payments under the Term Loan Facility, failure to comply with covenants in the Credit Agreement and other loan documents, cross default to other material indebtedness, failure by us to pay or discharge material judgments, bankruptcy, and change of control. The occurrence of an event of default would permit the lenders to terminate their commitments and accelerate loans under the Credit Facility.

As part of our growth strategy, we have acquired businesses and may pursue acquisitions or other strategic relationships in the future that we believe will complement or expand our existing businesses or increase our customer base. We believe we could borrow additional funds under our current or new credit facilities or sell equity for strategic reasons or to further strengthen our financial position.

Critical Accounting Policies

Our significant accounting policies are set forth in Note 1 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended April 2, 2017. The accounting policies used in preparing our condensed consolidated financial statements for the first quarter of fiscal 2017 are the same as those described in that Annual Report.

Forward-Looking Statements

The information presented in this Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These forward-looking statements have been made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995. These statements are not historical facts, but rather are based on our current expectations, estimates and projections, and our beliefs and assumptions. We intend words such as "anticipate," "expect," "intend," "plan," "believe," "seek," "estimate," "will" and similar expressions to identify forward-looking statements. These statements are not guarantees of future performance and are subject to certain risks, uncertainties and other factors, some of which are beyond our control and are difficult to predict. These factors could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. Additional information concerning potential factors that could affect future financial results is included in our Annual Report on Form 10-K for the fiscal year ended April 2, 2017. We caution you not to place undue reliance on these forward-looking statements, which reflect our management's view only as of the date of this Quarterly Report on Form 10-Q. We are not obligated to update these statements or publicly release the result of any revisions to them to reflect events or circumstances after the date of this Quarterly Report on Form 10-Q or to reflect the occurrence of unanticipated events.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to the risk inherent in the cyclical nature of commodity chemical prices. However, we do not currently purchase forward contracts or otherwise engage in hedging activities with respect to the purchase of commodity chemicals. We attempt to pass changes in the cost of our materials to our customers. However, there are no assurances that we will be able to pass on the increases in the future.

We are exposed to market risks related to interest rates. Our exposure to changes in interest rates is limited to borrowings under our Credit Facility. A 25 basis point change in interest rates would potentially increase or decrease our annual interest expense by approximately \$0.1 million. In the second quarter of fiscal 2017, we entered into an interest rate swap that converts a portion of our variable-rate debt into a fixed-rate obligation. The new swap agreement began September 1, 2017 and will end concurrently with the expiration of our Credit Facility on December 23, 2020. The notional amount of the swap agreement is \$40 million from September 1, 2017 through August 31, 2018, \$30 million from September 1, 2018 through August 31, 2019 and \$20 million from September 1, 2019 through December 23, 2020. We have designated this swap as a cash flow hedge and have determined that it qualifies for hedge accounting treatment. Changes in fair value of the cash flow hedge are recorded in other comprehensive loss (net of tax) until income or loss from the cash flows of the hedged item is realized.

Other types of market risk, such as foreign currency risk, do not arise in the normal course of our business activities.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this Quarterly Report on Form 10-Q, we conducted an evaluation, under supervision and with the participation of management, including the chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rules 13a-15 and 15d-15 of the Exchange Act. Based upon that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures are effective. Disclosure controls and procedures are defined by Rules 13a-15(e) and 15d-15(e) of the Exchange Act as controls and other procedures that are designed to ensure that information required to be disclosed by us in reports filed with the SEC under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in reports filed under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, or person performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control

There was no change in our internal control over financial reporting during the second quarter of fiscal 2018 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There are no material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which we or any of our subsidiaries are a party or of which any of our property is the subject.

ITEM 1A. RISK FACTORS

There have been no material changes to our risk factors from those disclosed in our Annual Report on Form 10-K for the fiscal year ended April 2, 2017.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On May 29, 2014, our Board of Directors authorized a share repurchase program of up to 300,000 shares of our outstanding common stock. The shares may be repurchased on the open market or in privately negotiated transactions subject to applicable securities laws and regulations. We did not repurchase any shares of our common stock during fiscal 2018. As of October 1, 2017, 112,546 shares remain available to be repurchased under the share repurchase program.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not Applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS-

Exhibit	Description	Method of Filing
3.1	Amended and Restated Articles of Incorporation.	Incorporated by Reference

CERTIFICATIONS

I, Patrick H. Hawkins, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Hawkins, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and we have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
